

Intro Programme – Study Start 2026

You have landed in the right place!

This is the official page where you will find your intro programme.

We are in the process of planning an intro programme that will give you the best start to your new student life.

The final and detailed programme for the intro days will be published right here at the beginning of August.

Important dates you can reserve now

26 - 27 August	MA Introduction on campus Day filled with both academic introduction and social activities, where you will get to know your fellow students.
28 August	Social activities on campus Social activities organized by the student associations
31 August	Info Meeting for International Student
1 September	First ordinary day of lectures Classes will start according to your schedule.
11 September	One day festival <i>Mission 1</i> on Campus Kolding Read more

Looking for practical information?

All information regarding books, schedules, and access to IT systems can be found on our university start page for new students.
